Infinite Campus Release Highlights - E.1302

Kentucky Specific Highlights	
Preschool	• Updates to the Preschool Enrollment Count Reports
Attendance	• SAAR Record S and X Summary/Detail Extracts have been updated to only count resolutions which occur within the specified time frame. • Corrections made to rounding discrepancies for the ADM/ADA Detail report
FRYSC	• A Print button has been added for the Student Individual Intervention Detail and Student Group Program Detail editors on the FRYSC tab.
LEAD	• End-dated additional teachers and staff no longer show on the LEAD report
IC Core Product Enhancements	

DIS – Selective Sync Tool	• Allows system administrators to manually sync specific Person/Identity and Enrollment records for the purpose of correcting identified discrepancies in State-level data.
FRAM	• Eligibility Editor and Eligibility Import Wizard have been updated to meet the USDA regulation that requires certified eligibilities to be identified with a source. • Eligibility Report enhancements to allow user to select grade levels, observe State Exclude and include a student identification number. Grade and date of birth have been added to the report outputs along with the ability to print in CSV format.
Behavior	• Process Inbox messages for Behavior events have been reformatted to display the participant's name at the top of the message in bold text. • The Behavior Management tool now displays an IEP flag next to the Participant's Name when the participant has an active, locked IEP at the time of the event. (See E.1302 Release New Features Lunch and Learn to review these behavior enhancements)
